Experience

PhysicsWallah Pvt. Ltd.

SEO Trainee

January 2025 – May 2025

Noida, Uttar Pradesh

- Selected as a Trainee for the SEO team at PhysicsWallah, a prominent EdTech company in India.
- Learning and implementing SEO techniques to improve organic traffic and search rankings for company platforms.
- Performing keyword research, on-page optimization, and assisting with backlink strategies to enhance web visibility.
- Gaining hands-on experience with SEO tools like Google Search Console, Google Analytics, and SEMrush.
- Collaborating remotely with content and marketing teams to align SEO strategies with business goals.

Projects

Weathe App | *React Native*

February 2025

- Integrated OpenWeatherMap API to fetch live weather data based on user's location or city input.
- Displayed current weather conditions including temperature, weather description, and humidity.
- Utilized Expo framework for efficient development and testing across Android and iOS platforms.
- Focused on clean UI design and seamless API integration for real-time data updates.
- Handled asynchronous data fetching using Axios and managed component state effectively.

News App | *React Native, Expo, News API*

March 2025

- Developed a news application that displays trending headlines and allows users to search news by keyword.
- Integrated News API for live news data and implemented search functionality.
- Used React Navigation for multi-screen navigation and completed the entire app independently.

Task Completor App | *React Native, Expo, AsyncStorage*

April 2025

- Developed a minimalist and visually appealing daily task tracking app using React Native and Expo.
- Implemented core features including adding tasks, marking them as completed, and tracking overall completion percentage.
- Used **AsyncStorage** for local persistent storage, ensuring tasks are saved between app sessions.
- Designed an intuitive UI with progress indicators and dynamic task lists for enhanced user engagement.

Technical Skills

Languages: Python, Java, C, HTML/CSS, JavaScript, React Native

Developer Tools: VS Code, Eclipse, Google Cloud Platform, Android Studio

Technologies/Frameworks: React Native, Expo, JavaScript (ES6+), GitHub

Leadership / Extracurricular
